## COMMUNITY VOICES

### **North Hykeham Relief Road**

I was pleased to attend the groundbreaking ceremony for the North Hykeham Relief Road. This important project will help ease congestion, support local growth, and improve connections across our area as Lincoln continues to develop

### **Ashley Court**

I was pleased to see that the future of Ashley Court care home has been secured following concerns about its closure. I know how important this facility is for residents and their families, and I've been working alongside local partners to help support efforts to keep it open. This is a really positive outcome for our community, I'll continue to do all I can to support local care provision across Lincoln.

### **Ketamine meeting**

I was very pleased to welcome a brave constituent, Tracy, to Westminster this month. After losing her daughter to ketamine abuse, she is working tirelessly to raise awareness of its dangers.

Tracy met with the Policing and Crime Minister to discuss the need for greater action, and I'm incredibly proud of the courage she has shown in helping protect other families.

### **And Remember...**

If you have an issue you'd like to raise, or if you'd like to get involved, please get in touch - I'm here to help.

**Hamish Falconer MP**

**Member of Parliament for Lincoln**
